Email has been used.

The screenshot shows a web application interface. At the top, there is a blue header bar with a logo on the left and links 'Start Shopping!', 'Login', and 'Signup' on the right. Below the header is a blue navigation bar with the word 'Menu'. A red banner across the top of the main content area displays the message 'Email has been used'. The main content area contains a registration form with the following fields: 'Firstname:' with a text input containing 'firstname', 'Lastname:' with a text input containing 'lastname', 'Email Address:' with a text input containing 'email', and 'Password:' with a text input containing 'password'. Below the form is a blue 'Signup' button. To the right of the button, the text 'Member? [Login](#)' is displayed. The browser's address bar at the bottom shows 'localhost:3000'.

Creating new user: POST /users: create a new user account.

The screenshot shows the same web application interface. The blue header bar and navigation bar are present. A green banner across the top of the main content area displays the message 'sign in Successful'. The main content area contains a login form with the following fields: 'Email:' with a text input containing 'email', and 'Password:' with a text input containing 'password'. Below the form is a blue 'Login' button. To the right of the button, the text 'Not a member? [Signup](#)' is displayed. The browser's address bar at the bottom shows 'localhost:3000'.

Successful login: //POST /users/login: authenticate user's login.
